

Guide to Locating EMIS Market Research Reports

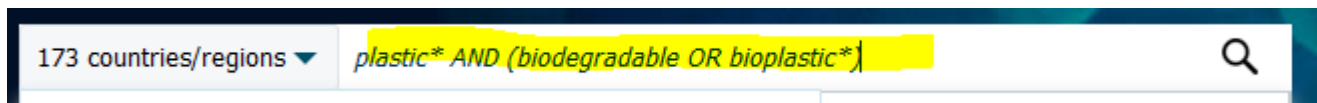

Follow these steps to locate EMIS' market research reports

1. What can you expect to find in a market research report?

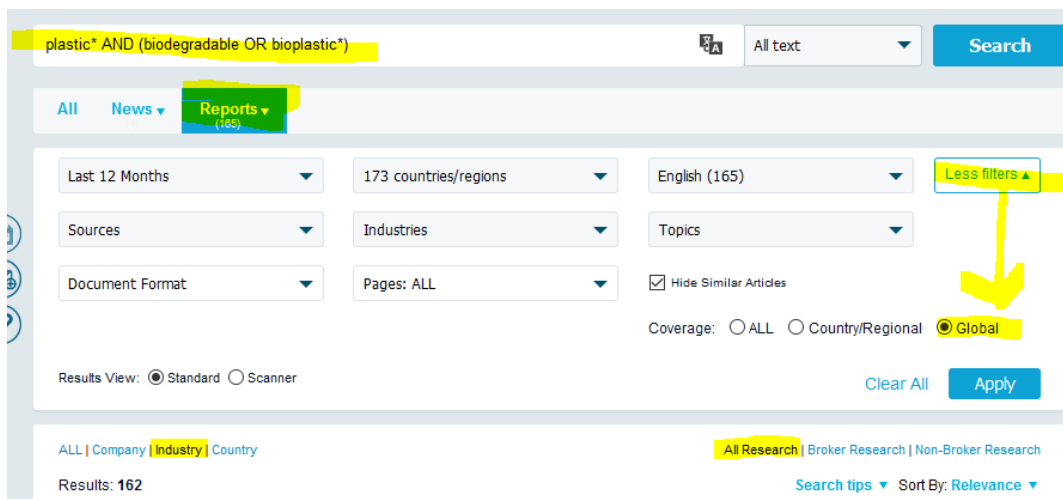

- A very detailed Table of Contents and List of Tables
- Porter's Five Forces Analysis
- Market Dynamics (Drivers, Restraints, Opportunities)
- Pricing
- Market Segmentation by Type
- Market Segmentation by Application
- Market Segmentation by Geography (Region/Country) – typically includes market size
- Competitive Strategy
- Company Profiles
 - Overview, Business Segments, Product Portfolio, R&D Expenditures, Competitive Positioning, Key Strategy and Development

2. Start by entering your search in the search bar on the home page

- TIPS:
 - Plastic* = looks for plastic and plastics
 - Use Boolean logic (AND, OR) – ALWAYS IN ALL CAPS
 - Start with all of the default countries/regions to ensure you don't miss any relevant geographies

3. Once you run the search, you will be brought to a search template. Follow the highlighted steps below:

4. Returned reports:

- Notice that the reports include forecasted analysis and data
- A typical report can range from 100-300 pages; these are very substantive analysis of your markets
- Examples of publishers of these reports include: Allied Market Global, Arizton Global Reports, Mordor Global Reports, and more

 **Global Biodegradable Plastic Market 2019-2026** 281 pages
 against traditional petroleum-based plastics is expected be the Global Biodegradable Plastic Market key concern. The production of bioplastics is highest in Asia-Pacific owing to the huge availability of renewable feedstock. Despite being biodegradable, one of the key advantages is its properties are
 October 31, 2019 | Allied Market Global

 **Bioplastic Packaging Market - Global Outlook and Forecast 2019-2024 Arizton** 188 pages
 : • Bioplastics from Renewable Resources • Bioplastics from Fossil Fuels In terms of their sensitivity to break down, the materials can be divided into: • Biodegradable Materials • Non-biodegradable Materials Bioplastic packaging products are more sustainable than fossil fuel-based plastic
 October 22, 2019 | Arizton Global Reports

 **Global Polymer Microspheres Market - Growth, Trends, and Forecast (2019 - 2024)** 149 pages
 the microbeads in cosmetics that pollute the seas, and are now prohibited in many countries. In June 2018, Bio-on, manufacturer of bioplastic sector inaugurated its first owned plant designed to produce 100% natural and biodegradable special PHAs bioplastics for high added value niche markets such
 July 01, 2019 | Mordor Global Reports | [View chapters](#) New

5. Start by viewing the Table of Contents and the List of Tables; these will provide insights into the scope and depth of analysis and data you can expect to find

LIST OF TABLES

TABLE 01.	PATENT FILED ON BIODEGRADABLE PLASTIC (2015-2029)	61
