

What is SSRN?

Social Science Research Network (SSRN) is devoted to the rapid worldwide dissemination of social science research and is composed of a number of specialized research networks in each of the social sciences. Each of SSRN's networks encourages the early distribution of research results by distributing **Submitted** abstracts and by soliciting abstracts of top quality research papers around the world. We now have hundreds of journals, publishers, and institutions in **Partners in Publishing** that provide working papers for distribution through **SSRN's eLibrary** and abstracts for publication in SSRN's electronic journals. Goizueta is pleased to provide access to five SSRN networks for all faculty.

Which networks are included in Goizueta's subscription?

Goizueta provides access to the following SSRN networks for all faculty:

- Financial Economics Network
- Economics Research Network
- Legal Scholarship Network
- Management Research Network
- Accounting Research Network

How do I access it?

Go to www.ssrn.com

- Click "First-time user? Free registration" in the upper left hand corner*
- PROVIDE YOUR **EMORY** EMAIL ADDRESS AS THE USER ID
- The password will be sent to the email address provided within several minutes.
*If you already have an SSRN password you may skip this step

Once a password is acquired, then the user may use it to go to their new homepage.

- On the left-hand side, select "Subscriptions," which will take you to your Journal Management Page.

Scroll to the bottom of the Journal Management Page select:

- "Click here to join a site subscription that has been acquired by your organization."
- Enter "Goizueta" rather than "Emory"
- Then click "Join"
- A list of the available networks will appear. The user may toggle the box for networks that interest them and hit "Submit."
 - The Submit button will send their request to join to a queue which is reviewed every few days. As long as your Emory email is used, you will be automatically okayed and notified. If a personal email is used, you will automatically be denied.

Once this process is complete you may select any of the eJournals on the networks of their choice.
