## eBook FAQ

### What is Ebook Library?

Ebook Library (EBL) is a database of electronic books on a variety of topics, including leadership, careers, and finance.

### Why use Ebook Library?

- Available 24/7
- Full-text searching across all books or within a single book
- Cut and paste up to 5% and print up to 20% of any book
- Download ebooks in PDF format to a computer or PDA

### Where are ebooks located?

#### Business Library's E-Resources web page > ebooks

- Go directly to the entire EBL catalog
- Suggested search strategies:
  - **Simple Search** – Use the Search bar in the upper right corner to search by title, author or keyword
  - **Full Text Searching** – Search the full-text of all ebooks
  - **Advanced Search** – Narrow your search to ebooks that Emory owns and/or select a category such as Business and Economics

#### Euclid

- Click Complex Search in the upper right corner
  - Under Search Limits, pull down Item Cat2 menu and select "E-Book Library"
  - ebooks owned by Emory have a full catalog record, so you can search by subject, title & author
  - Click on Electronic Access in the Euclid record to open the book

### How do I browse an ebook?

- Conduct a search to retrieve a list of titles. Books that Emory owns have a green icon by the title
- All books may be browsed for 5 minutes

- In the left panel, click the **Contents** tab and then the chapter of your choice. Or, select the **Search** tab to full-text search within the book.

### How do I check out an ebook?

- After 5 minutes, for books that Emory does not own, you have the option to click **Request a Loan** in the left panel. A message is sent to a librarian who will make the purchasing decision. You will be notified if the book is purchased
- For books that Emory owns, in the left panel under **Loan Options** select "**Click Here to Read Online**" if you are in the library. Or you may download the book for 3 or 7 days

### How do I download an ebook to my computer?

- Install Adobe Reader version 6 or 7 for Windows or Mac
- The first time you download an ebook, activate Adobe Reader (this happens automatically when you follow the prompts on your screen)
- If you have installed Adobe Reader version 8.0, we recommend you do not download the ebook and instead read it online because of current incompatibility issues
- The ebook file will remain on your computer or PDA after the loan period has expired, however you will not be able to open it. In order to 'renew' a book you've previously downloaded, first delete the ebook from your Adobe Reader Digital Editions before downloading the ebook a second time.

### How do I navigate around an ebook when reading online?

- ebooks load one page at a time in the online reader
- Use the toolbar at the top of your screen to navigate ebooks - page forward/back, page sizing, printing, copying; the Adobe Reader toolbars have limited functionality when reading online
- Use Notes tab in the left-hand frame to add your own notes and save them for future visits, export them in a .txt file, or print them along with the book page

### Have questions?

- Send an email to [Ask a Librarian](#) on First Class for help from the Business Library team
